

Application for Summer 2020 Internship

As a young and motivated individual I am extremely interested in submitting an application for the Summer Intern Position.

In May 2019 I completed my Bachelors and also worked at KloudData as a full-time intern for 5 months in my final semester. My responsibilities in this role included developing a Data Model on employers working pattern from their incoming and outgoing data provided by the company. Later suggesting them ways so they can maximize their work output. This position has given me key employability skills while also allowing me to experience working in a professional and fast-paced work environment.

With regard to my ability to meet the specific requirements of this job:

- *Technical Skills*

I am profound in **Python** and **Java**, and have been part of various projects involving these languages along with other programming tools, details of the same can be found in my attached resume. I have been part of Agile team and know how one works. Also, I have strong logical thinking. I am familiar with Linux, MacOS and Windows operating system.

- *Academics*

I have had a great academics throughout my career. I have never had any backlogs, in fact I always was amongst top 10% of my class. I was also amongst the only 4 candidates selected for a full semester internship for my final semester. Furthermore, my company managers were always satisfied by my work and will to complete my task.

My teachers and employers have commended me for my high level of interpersonal skills and naturally engaging personality. My motivations include learning new things and the challenge of meeting key objectives. My previous managers can be contacted to provide more information about my ability to meet the needs of this job.

I understand that you will receive a large number of applications for this role. I do, however, believe that my motivation, commitment and pre-existing skills will allow me to fit into your work environment and immediately start supporting the needs of your organization.

I would appreciate the opportunity to meet with you to discuss my application at an interview. I have enclosed a copy of my resume for your consideration. I can be contacted at all times on the details provided above.

Thanking you in advance for your time,
Aditya Agrawal
